

The Harvest Fields

Summer 2024

Greetings Saints & Supporters,

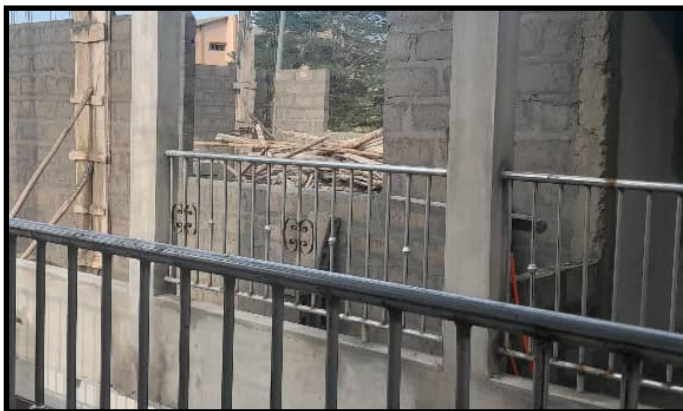

I have a lot to share with you about what God's has been doing in all three nations through the many victories we've been given and the challenges we face. I've been abroad the on mission field in Benin for the past six months and I feel as if I should have stayed longer. It is their rainy season now and temperatures are between 70-80 degrees. When I touched down in Philly, the temperature was 103 and the AC in my vehicle was broken. So, I've got to get in "missionary mode" here in the States.

Benin Building Blessings

Praise GOD for providing the means for constructing 80% of the first level of our new Calavi school within just six months; it's called a miracle!. This blessing prevented us from closing the school and we moved our children in by the deadline. To make this happen, much money has been sown in purchasing land, raising the walls and pouring the roof so far. Thank GOD for His remnant of believers supporting us that stepped in to bring about His miracle. And a special thank you to Crossroads Christian Church in Dover Delaware under Pastor Anthony Wallace and to Mt. Calvary Baptist Church in Palm Coast Florida under Pastor Edwin Coffie. I am extremely grateful to God for them and everyone who has helped thus far.

First Floor of Calavi Class Room

Second Floor of Calavi School

There is still much to be done. The second level is currently underway and still needs a significant amount to complete. God has gotten us thus far and we are grateful and hopeful for what He will continue to do. Please don't be among those who unfortunately turn a deaf ears to our pleas for help. Perhaps some reading this who weren't able to contribute to the beginning will hear God's voice and be a part of contributing to God finishing what He has begun. Thank you.

Benin Mission Trip

In June, a small team consisting of CCWM board member from here in the States connect with the board there in Benin. They begin a joint relationship working together for the continued progression of God's work in Benin.

The team also assisted in preparations of the graduations for the village school in Agondoton and the city school in Calavi. They also visited various villages,

preaching and sharing the gospel which lead to many new decisions to accept Jesus. A blessing indeed!

Hope For Haiti

My heart aches for my beloved Haiti and my family there. The violence and instability caused by the gangs are deeply concerning. They are in the process of taking over the entire country; bringing chaos, shooting, raping and killing along the way. They arrived in our neck of the woods around late May and have entered and taken over the CCWM compound. Fortunately, God has spared the lives of all my staff, the children and parents, so we are thanking God. And despite not having a physical building to occupy at the moment, we continue to build lives and look to God for our hope. Please pray with us that God will intervene and have mercy on Haiti soon.

Haiti Gang Violence

India Initiatives

In spite of the challenges of Haiti and Benin, I believe God is still calling us to enlarge our borders while strengthening our stakes to proclaim Him in India too. Our plan is to raise approximately \$20,000 to be able to go in January 2025 to begin setting up the school. We are believing God to help us raise much of the funds needed through a benefit concert on Saturday September 21st at TFIWC. Please come to be blessed and be a blessing. **See Benefit Concert flyer**

We are also inviting all teachers (retired/active) to join us in Amritsar Punjab India from February, 28th to March 12th 2025 to help us "Jump Start" God's work there. If interested, please contact us at 215 848-0148 or 267 368-8564 by September 15th, 2024. The approximate cost is \$2800 and training sessions will be required for first time mission travelers.
